Middle School Program Parent & Rower Contract

Directions: Please read and carefully check over the dates. Then have both rower and parent sign and date indicating understanding and acceptance.

Crew is a team sport – without 8 rowers and 1 coxswain the boat cannot leave the dock. Please review the 10-week practice days/dates/times very carefully, as well as any proposed scrimmage/regatta dates and put them on your calendar.

We, _____ (print parent & rower names), understand that for the team to function properly and all rowers to get the experience they need on the water it is critical that everyone be present at all practices. Therefore, attendance at all practices is mandatory. Repeated absences can affect boat placement and/or race opportunities and may result in being removed from the team. Rowers must arrive to practice on time and be picked up promptly at the end of practice. If you will be absent from practice, the coach must be texted with as much advance notice as possible.
